

**CALL FOR ABSTRACT****DEADLINE 03/07/2021**

The scientific committee invites authors to submit abstracts in order to actively participate in the **First International StemNet Meeting**, giving their contribution to this extraordinary opportunity of exchanging results, experiences and opinions.

All information and news about the status of the abstract will only be sent to the e-mail address [stemnet@ziptravelgroup.com](mailto:stemnet@ziptravelgroup.com). Please check for the accuracy of the e-mail address inserted.

**MAIN TOPICS OF THE MEETING:**

- New insights on biology of mesenchymal stromal/progenitor cells (MSCs);
- Clinical targets of stromal/progenitor cells: from in vitro studies to therapy;
- Basic and applied research on adult stem cells;
- Cancer stem cells and stem cells for cancer: from basic research to therapy;
- Beyond stem cells: therapeutic use of extracellular vesicles;
- Perinatal tissue derived bioactive agents: from mechanism of action to therapeutic approaches;
- Gene therapy: alternative or complementary approach to cell therapy?
- Induced Pluripotent Stem Cells, (iPSC): basic and applied research.

**INSTRUCTIONS**

*Please read carefully the instructions and fill all the compulsory fields required during the dispatch procedure.*

- **Language:** English;
- **Font:** Times New Roman, 12 points font size, single spaced, justified text.
- **Characters Limit:** The abstract must not exceed 2500 characters, including spaces. (this must be applied to the main body of the abstract only. Abstract, title and authors are excluded). References should not be included in the abstract. Use of standard abbreviations is desirable.
- **Author/s names and surnames** (Regular style): E.g.: Mario Rossi, Carla Bianchi, ...
- **Affiliation** (Regular style): E.g. University of..., Laboratory of ...,
- **Text:** Originality, study quality and completeness of the work will be evaluated. The abstract should be divided into 4 paragraphs:
  - **OBJECTIVE:** indicate primary purpose of study.
  - **MATERIALS AND METHODS:** description of data sources, subjects, design measurements and data analysis.
  - **RESULTS:** summary of the main findings.
  - **CONCLUSIONS:** study's conclusion and/or implication of the results.
- Abbreviations in the title will not be accepted. If used throughout the text, abbreviations must be indicated in their extended version the first time they are used.
- Please do not include images, tables or attachments.
- **File saving:** save the abstract in a Word format with the following name: first name \_ surname of the first author (e.g. mario\_rossi.doc).
